### **Research Statement**

To advance societal sustainability and wellbeing, I study the intertemporal allocation, valuation, and management of natural assets and liabilities by bridging natural science, dynamical systems, and economics.

### **Education**

Ph.D. in Fisheries and Wildlife; Ph.D. specialization in Resource and Environmental Economics, Michigan State University. 2007.  
Masters of Science in Agricultural Economics, Michigan State University, 2005.  
Bachelors of Science in Wildlife Ecology, University of Maine, 1999.

### **Academic Positions Held**

Knobloch Family Professor of Natural Resource Economics, Yale School of the Environment (formerly Yale School of Forestry & Environmental Studies), 7/20 – present.

Associate Professor of Bioeconomics and Ecosystem Management, Yale School of Forestry & Environmental Studies. 7/18 – 6/20.

Assistant Professor of Bioeconomics and Ecosystem Management, Yale School of Forestry & Environmental Studies. 7/12 – 6/18.

Assistant Professor of Ecological- and Bio-economics, Arizona State University, School of Life Sciences. 8/08-7/12.

Research Associate Quantitative Fisheries Center - Department of Fisheries and Wildlife, Michigan State University. 1/08 – 8/08.

### **Public Service Positions Held**

Assistant Director for Natural Resource Economics and Accounting, the White House Office of Science and Technology Policy, 6/21-1/23.

### **Awards and Honors**

- Most Cited Paper Award 2023, The Society of Population Ecology, 2023.
- Best Paper, the Theory section of the Ecological Society of America, 2020.
- Smart Prosperity Initiative Global Fellow, 2019-2020.
- Visiting Fellow at the Grantham Institute on Climate Change and the Environment, 2018-19.
- Award of Professional Excellence, University of Maine Wildlife Ecology Program alumni award, 2016.
- Arizona State University, Faculty Achievement Award in Defining Edge Research: Young Investigator 2011. One award given per year to untenured faculty.
- Arizona State University, Nominated for the Zebulon Pearce Distinguished Teaching Award 2011.

- Top paper presentation award 8<sup>th</sup> Annual Heartland Environmental & Resource Economics Workshop at Iowa State University, Ames, IA. 9/17-9/18, 2006.
- Outstanding Master's Thesis of 2005, Michigan State University Dept. of Agricultural Economics.

## RESEARCH

**Publications** (#led or co-led paper, \*graduate student co-author, \*\*graduate student co-author for which I was a principal advisor, <sup>pd</sup>post-doc co-author, <sup>u</sup>undergraduate co-author)

**Fenichel, E.P.**, C. Castillo-Chaves, P. Dazsak, R.D. Horan, and C. Perrings. "Working group for Synthesizing and Predicting Infectious Disease while accounting for Endogenous Risk, SPIDER," National Institute for Mathematical and Biological Synthesis. (PI) funding for 4 workshops and other support (2009-2010).

Tsao, J., **E. Fenichel**, M. Jones, and G. Hickling. "Real options analysis of Lake Ontario sterile sea lamprey transfers." Great Lakes Fishery Commission: sea lamprey research program. (PI) **\$66,418** (2008-09).

Collaborated with J.I. Tsao and G. Hickling on the following funded project:

- Great Lakes Fishery Commission, "A Framework for Evaluation of Great Lakes Disease Introduction Risks Associated with the Sterile Male Lamprey Release Program", **\$8,400**.

Collaborated with R.D. Horan and C.A. Wolf on the following funded projects:

- USDA-ERS, Program of Research on the Economics of Invasive Species Management (PREISM), cooperative agreement #58-7000-6-0084, "Bioeconomics of Managing Multi-Host Diseases", **\$117,000**.
- NRI-USDA-CSREES, Grant #2006-55204-17459, "Bioeconomics of Managing Pathogens in Multi-Host, Livestock-Wildlife Systems", **\$231,886**.

Michigan State University Dept. of Fisheries and Wildlife Graduate Student Organization travel grant 2006.

American Agricultural Economics Association travel grant 2006.

Saginaw Bay Walleye Club Fellowship 2006.

A variety of **\$5,000 - \$20,000** grants for small community-based conservation projects, species conservation, and research projects (2000-2003).

### **Invited Presentations and Seminars**

\*2020-21 online seminar are approximate – some presentations are probably missing. Presentations made on-behalf of the White House are not included.

Underexplored Areas in Environmental Economics: Insights from Two Years in two White House, **Camp Resources (Graduate Student Summer Program)**, keynote speaker, Asheville, North Carolina, 8/7/2024.

Minding Ps & Qs in Natural Capital Accounts, **Federal Reserve Board**, invited seminar, Washington D.C., 5/7/2024.

Minding Ps & Qs in Natural Capital Accounts, **Arizona State University**, invited seminar, 4/26/2024.

Natural Capital: Measuring the Economic Power of Nature, **International Institute for Applied Systems Analysis (IIASA)**, Online, 4/17/2024.

Keynote: EcoMetrics: Unveiling the Economic Power of Nature, **Asian Development Bank**, Asian and the Pacific Food Security Forum, Manila, 4/9/2024.

Maximizing Gains from Climate-Food-Nature Nexus Plenary Panel, **Asian Development Bank**, Asian and the Pacific Food Security Forum, Manila, 4/9/2024.

- Minding Ps & Qs in US Natural Capital Accounts. **Resources for the Future**, conference on biodiversity and climate change. 3/22/2024.
- Minding Ps & Qs in US Natural Capital Accounts. **University of Wyoming, Department of Economics and Finance**. 3/4/2024.
- Minding Ps & Qs in US Natural Capital Accounts. **Colorado State University, Department of Agricultural and Resource Economics**. 2/28/2024.
- Priorities Topics for Advancing Federal Benefit-Cost Analysis (Panel). **White House Roundtable (Virtual)**. 12/14/2023.
- A New Era of Economic Measurement: The Environment and Natural Capital. **University of Minnesota, Department of Applied Economics**. 12/8/2023.
- Connecting Environment and Economy. **Edward P. Bass Distinguished Lecture. Yale Institute for Biospheric Studies**. 11/15/2023.
- Connecting Environment and Economy. **BIOMES, Yale School of the Environment**. 11/15/2023.
- A New Era of Environmental-Economic Measurement: 50 years of “Is Growth Obsolete” and the Course for the Next 50 years. **Yale Climate, Environment & Economic Growth Conference, held in honor of the 50<sup>th</sup> anniversary of “Is Growth Obsolete” by Nordhaus and Tobin**. 11/10/2023.
- A New Era of Economic Measurement for the Environment and Natural Capital. **Keynote for the Heartland Environmental Economics Workshop** at University of Illinois Urbana-Champaign. 11/28/2023.
- A New Era of Economic Measurement for the Environment and Natural Capital. **University of Illinois Urbana-Champaign, Department of Agricultural and Consumer Economics Departmental Seminar**. 11/27/2023.
- Ecosystem Management and People. **First Annual Centre for Ecosystem Management Symposium. Guelph University**. 6/21/2023.
- General Assembly High Level Panel on Middle Income Countries: Measuring what counts to ensure a healthy planet for healthy people**. United Nations, New York. 5/11/2023.
- Integrating Voluntary and Policy-Induced Behaviours into Models. Modelling Behaviour to Inform Policy for Pandemics. **Newton Gateway to Mathematics in cooperation with JUNIPER and the Royal Society**. 11/5/2021.
- Human behavioral responses to COVID-19. COVID model consortium. **University of Texas Austin** (online). 3/5/2021.
- Opportunities and Open Questions in Natural Capital Research. Keynote at **Australian Agricultural and Resource Economics Society**, Annual meeting (online). 2/9/2021.
- Measuring natural capital and sustainable development. **National Academies of Sciences Sustainability Science Workshop**. 11/30/2020.
- Evidence and Economics of COVID-19 Mitigation. **Pew Trusts Workshop for State Leaders**. 8/27/2020.
- National Accounting for the Ocean. **High Level Panel for the Sustainable Ocean Economy**. 7/22/2020.

- Measuring natural capital and sustainable development. **UNDP-UNEP joint meeting**. 6/1/2020.
- Economic-epidemiology for COVID-19. **HASTE COVID-19 Seminar Organized by Dean of the Engineering school**. 4/9/2020
- Economic-epidemiology for COVID-19. **Association of Environmental and Resource Economists Coronavirus Webinar**. online, 4/7/2020.
- Economic-epidemiology for COVID-19. **Yale Medical School Dean's COVID-19 workshop**, 3/31/2020.
- Child care for essential workers during coronavirus outbreak. **Child Care Aware of America**, 3/26/2020.
- Valuing changes in natural capital and environmental wealth in three acts. **EcoHealth Alliance**, New York. 12/18/2019.
- Making the empirical case for complementarities between natural and produced capital. **Duke Kunshan University, China**. 12/11/2019.
- Making the empirical case for complementarities between natural and produced capital. Frontiers of Environmental and Resource Economics Workshop. **Shanghai University of Finance and Economics, Shanghai, China**. 12/10/2019.
- Measuring changes in the value of natural resources and environmental wealth. Yangtze River Delta International Forum Regional Integration: Cooperation and Development. **Shanghai University of Finance and Economics, Shanghai, China**. 12/7/2019.
- Measuring changes in the value of natural resources and environmental wealth. **Environment and Climate Change Canada**. 11/13/2019.
- Measuring changes in the value of natural resources and environmental wealth. **Department of Fisheries and Oceans Canada & Statistics Canada**. 11/13/2019.
- Valuing changes in natural capital to assess sustainability: what we've learned from and for fisheries. **State University of New York at Stony Brook**. 2/22/2019.
- Water and Concrete: Complementarity between natural and produced capital. **Oregon State University**. 2/15/2019.
- Natural capital valuation, sustainability, and the importance of ecological dynamics. **University College London**. 11/14/2018.
- Valuing changes in natural capital to assess sustainability: what we've learned from and for fisheries. **UK DEFRA**. 11/9/2018.
- Advances in natural capital asset pricing & its importance in sustainability assessment. **London School of Economics**. 11/7/2018.
- It take two: The theory and evidence of the role of human choices in disease. **University of Glasgow**, 11/5/2018.
- Ecosystem-based approaches to Natural Capital Provision: A Natural Capital Approach to Caribou Conservation. **Smart Prosperity Institute, University of Ottawa**, 10/29/18.
- Measuring the value of natural capital & assessing sustainability. **Oxford University, Smith School**, 10/22/2018.
- Developments in the measurement of natural capital to advance sustainability assessments. **Cambridge University**, 10/18/2018.

- Valuing changes in natural capital to inform sustainability assessments and measuring natural capital with capn. **University of Exeter**, 9/3/2018.
- Valuing natural capital in the context of ecosystem based management (Keynote). Expert meeting on ecosystem valuation in the context of natural capital accounting. **UN STAT & German Federal Agency for Nature Conservation**. Bonn, Germany 4/25/2018.
- The mathematics of measuring sustainability – how to give coupled human systems modeling a policy punch. (Keynote) **The Fields Institute for Research in Mathematical Sciences**, Toronto Canada. 3/9/2018
- Where the wild things are when schools close: the impact of time reallocation on the cost and benefit of school closures during an epidemic. **The Ohio State University, Mathematical BioSciences Institute**. 3/6/2018.
- Sustainability, Economics, and Natural Capital. **National Academy of Sciences, Sackler Colloquium**, Irvin, CA. 1/17/2018.
- Where the wild things are when schools close: the impact of time reallocation on the cost and benefit of school closures during an epidemic. **The Pennsylvania State University, Center for Infectious Disease Dynamics**. 1/11/2018.
- Valuing natural capital and wealth of ecosystems, **East Carolina University**. 10/6/2017.
- Tipping points and Tinbergen: Could some thresholds be a policy artifact. MarSShift workshop, **Tilburg University, Netherlands**. 9/23/2017.
- Valuing natural capital and wealth of ecosystems. **Yale School of Forestry and Environmental Studies**. 9/13/2017.
- Congressional briefing, Ocean resources are capital assets. **US Congress, Senate Commerce Committee**. 6/12/2017.
- Ecosystem base management and wealth of ecosystems. **World Bank**. 4/13/2017.
- Human economic behavior and infectious disease. **Yale School of School of Public Health**, 12/12/2016.
- Groundwater as a capital asset. Keynote Panel, **Governor's Conference on the Future of Water in Kansas**, Manhattan, KS 11/14/2016.
- The Wealth of Ecosystems. **The Ohio State University**, Department of Agricultural, Environmental and Development Economics, 10/28, 2016.
- The Wealth of Ecosystems: Measuring Natural Capital Asset Prices, **Carey Institute of Ecosystem Studies** 10/13/2016.
- The Wealth of Ecosystems: Measuring Natural Capital Asset Prices, **University of Wyoming**, Department of Economics and Finance 9/29/2016.
- The Wealth of Ecosystems: Measuring Natural Capital Asset Prices, **Marine Ecosystem Service Partnership** webinar 9/8/2016.
- Measuring natural capital from Rhetoric to Reality, The True Cost of American Food, **Sustainable Food Trust**, San Francisco 4/16/2016.
- Valuing natural capital from Rhetoric to Reality, **NOAA** webinar 4/5/2016.
- Valuing natural capital from Rhetoric to Reality, The Natural Capital Symposium, 3/21/2016, **Stanford University**, Palo Alto, CA.

- Measuring shadow prices for natural capital. **Yale Environmental Economics Day**. Yale Dept. of Economics. 2/19/2016.
- Beyond the Metaphor: Advances in Natural Capital Measurement for Groundwater (and Fisheries & Ecosystems). **Yale Environmental Sustainability Summit** 2015. 11/6/2015, New Haven, CT.
- Beyond the metaphor: Advances in natural capital measurement for groundwater (and fisheries & ecosystems). **The World Bank**. 10/22/2015.
- Tipping points and Tinbergen: Could some thresholds be a policy artifact. Thresholds, Tipping Points & Random Events in Dynamics Economics Systems. Howard H. Baker Jr Center for Public Policy, **University of Tennessee**, July 27-28, 2005.
- Measured voluntary avoidance behavior during the 2009 A/H1N1 epidemic. **Cambridge University**, Clare College. Symposium on Contagion. 4/23 – 4/24/2015.
- Economic behavior, infectious disease dynamics, and targeting: theory and empirical application. RAPIDD workshop on targeted control of vector-borne pathogens. **Notre Dame**, 3/12-13/2015.
- Sustainability, Investing, and Corporate Social Responsibility Panel Event Panelist. **New York City Hedge Fund Round Table**, New York, New York, 10/21/2014.
- Slovenský raj ako prírodný kapitál (Slovak Paradise as Natural Capital), 50th Anniversary of **Slovensky Raj National Park** Conference (poster), Spisska Nova Ves, Slovakia 9/25/2014.
- Design incentives systems for forest-based ecosystem services when financial service markets are missing: Easting a Faustmann cake, **University of Southern Denmark**, 9/18/2014.
- Mechanistic models of angler behavior. **SESYNC** Recreational fishing as a Coupled-Human Natural System workshop June 18-20, 2014.
- The locust liability: the ecological economics of grasslands, Invited Symposium Speaker, **Lanzhou University**, China June 13, 2014.
- Natural capital from metaphor to measurement. Invited seminar, **Peking University**, China, June 5, 2014.
- Natural capital from metaphor to measurement. Invited symposium seminar, **Nanyang Technical University**, Singapore, May 27-28, 2014.
- Natural capital from metaphor to measurement. Invited seminar, **Arizona State University**, Department of Economics environmental economics seminar, 1/30/2014.
- Natural capital from metaphor to measurement. Invited seminar, TREE – Triangle Resource and Environmental Economics (joint among **Duke, North Carolina State, and University of North Carolina** Departments of Economics), 1/16/2014.
- Natural capital from metaphor to measurement. Invited seminar, **University of Connecticut**, Department of Economics, 11/1/2013.
- Natural capital from metaphor to measurement. Invited seminar, **Michigan State University** Department of Agricultural, Food, and Resource Economics, 1/31/2013.
- Anticipating adaptation: modeling the link between environmental policy and anthropogenic impact. Invited seminar **Yale School of Forestry & Environmental Studies**, 1/23/2013.

- A coupled human-natural systems approach to valuing natural capital. Invited Speaker at the fall meeting of the **American Geophysical Union**, 12/7/2012.
- Anticipating the unanticipated: modeling the link between environmental policy and anthropogenic impact. Invited seminar at the **Yale Institute for Biospheric Studies**, 10/19/2012.
- Linking economics, ecology, and institutions to provide a structural understanding of coupled human natural systems. Invited seminar at the **Yale School of Forestry and Environment Studies**, 2/9/2012.
- Managing ecological thresholds in coupled environmental-human systems. Math Biology Seminar, **William and Mary College**, 11/11/2011.
- Managing ecological thresholds in coupled environmental-human systems. Contributed Paper. 6<sup>th</sup> **World Recreational Fisheries Conference**, Berlin Germany, 8/1-8/4/2011.
- Risk and making natural resource related decisions. **Arizona Department of Environmental Quality**. Phoenix, AZ 7/21/2011.
- Managing ecological thresholds in coupled environmental-human systems. Tupper talk. **Smithsonian Tropical Research Institute**, Panama, 7/12/2011.
- Dynamic optimization as a model of human behavior, applications to epidemiology. **Casablanca Workshop on Mathematical Biology**, Casablanca, Morocco, 6/20-24/2011.
- Coupled Economic-Ecological Systems and Regime Shifts. Invited Speaker. Ecology and Environmental Biology Seminar. **South Dakota State University**, 4/5/2011.
- A bioeconomic model of recreational angling. Organizer and speaker, Workshop on modeling recreational angling behavior, **Arizona State University**, 2/17-2/18/2011.
- Managing ecological thresholds in coupled human environmental systems. Invited Speaker. Consortium for Biosocial Complex Systems, **Arizona State University**, 2/7/2011.
- A Consistent Framework for Integrating Non-Market Demand and Bioeconomic Models. Invited speaker. Departmental seminar, Department of Economics and Finance, **University of Wyoming**, 9/28/2010.
- Managing Ecological Threshold in Coupled Human-ecological Systems. Invited Speaker. Dynamic Discussions, Center for Social Dynamics and Complexity, **Arizona State University**, 4/8/2010.
- The Mathematics of Managing for Ecosystem Services. Invited speaker. Math Colloquium series. **Arizona State University**, 10/8/09.
- Economics of Emerging Infectious Diseases. Invited speaker. **NY Times Foundation workshop on environmental journalism**. Punta Cana, Dominican Republic 3/19/09.
- Bioeconomic Management of Invasive Insect-vectored Diseases. Invited seminar. **USDA, Arid-Land Agricultural Research Center**, Maricopa AZ, 2/2/09.
- Epidemiological models to guide fish health research and management: bacterial kidney disease in free-swimming fish in Lake Michigan. Invited speaker. **Great Lakes Fishery Commission Fish Health and Ecosystem Dysfunction Workshop**, Ann Arbor, MI, 11/5-11/6 2008.

Fish population health and aquatic pathogens as a bioeconomic question. Invited speaker. **Great Lakes Fishery Commission Fish Health and Ecosystem Dysfunction Workshop**, Ann Arbor, MI, 11/5-11/6 2008.

The bioeconomics of wildlife disease management. BESTnet, DIVERSITAS, AgTrans Workshop on Analyzing the Role of Agricultural Transformation and Invasive Species in Disease Emergence, **Arizona State University**, Tempe Arizona, 5/28-5/30, 2008.

Balancing the Benefits, Costs, and Risk of Sterile Male Sea Lamprey Transfers: The Need For A Systematic Approach. Invited presentation. Sea Lamprey Integration Committee, **Great Lakes Fishery Commission**. 4/24/2007.

The 'Real Options' Framework for Evaluating Benefits, Costs, and Risks associated with Fish Transfers. Invited presentation. Council of Lake Committees, **Great Lakes Fishery Commission**. 4/18/07.

Modeling in Fisheries and Wildlife: Applications in Ecology, Economics, and Disease Management. **Michigan State University** Fisheries and Wildlife Undergraduate Club. 2/22/07.

Fish Pathogen Screening and its Influence on the Likelihood of Accidental Pathogen Introduction during Fish Translocation. Great Lakes Fish Health Committee, **Great Lakes Fishery Commission**. 1/31/07.

Real Options for Risk Management in Fisheries and Wildlife. **Michigan State University** Fisheries and Wildlife Graduate Student Seminar Series, 11/17/06.

Balancing the benefits, costs, and risk of fish translocation programs: the case of the sterile male sea lamprey release. Invited presentation. **Saginaw Bay Walleye Club**. 5/22/06.

### **Conference and Workshop Presentations**

Minding Ps & Qs in US Natural Capital Accounts. W5133 Meeting on environmental economics. Fort Collins, Co, 2/28/24.

A New Era of Economic Measurement for the Environment and Natural Capital. BioEcon, Santiago de Compostela, Spain, 8/30/2023.

Operationalizing Sustainability Measures at National and Sub-National Scales: Progress, Challenges, and Opportunities, American Applied Economics Association, Washington D.C., 7/2023.

Valuing Multiple Natural Capital Stocks Under Correlated Stochastic Dynamics. ASSA, San Diego, 1/5/2020.

Wait for it: Valuing natural capital when management is dominated by periods of inaction. BioEcon, Wageningen Netherlands, 9/12/2019.

Water and Concrete: Complementarity (Not Substitution) between Natural and Produced Capital, Association of Environmental and Resource Economists 2019 summer meeting, Incline Village, NV, 5/31/2019.

The value of measuring and mapping montane urbanization. American Geophysical Union, Washington D.C., 9/12/2018.

Valuing natural capital stocks with stochastic dynamics. BioEcon, King's College, Cambridge, UK, 9/13/2018.

- Investing in Ecological Infrastructure. Thematic Session World Congress of Environmental and Resource Economics, Gothenburg, Sweden, 6/24-6/29/2018.
- Spatial aggregation and the value of natural capital. BioECON, Tilburg, University, Netherlands, 9/21-9/22/2017.
- The wealth of ecosystems. Resilience Conference. Stockholm, Sweden, 8/21-8/23/2017.
- A shopper's guide to recreational fisheries human dimension's research, World Congress on Recreational Fisheries, Victoria, Canada, 7/17-7/20/2017.
- Who is smarter Robert Arlinghaus or a Trout, World Congress on Recreational Fisheries, Victoria, Canada, 7/17-7/20/2017.
- The representative agent must die: Social utility discount rates and population distribution. BioECON, King's College, Cambridge, UK, 9/14-9/16/2016.
- The representative agent must die: Social utility discount rates and population distribution. European Association of Environmental and Resource Economists annual meeting, Zurich June 2016.
- Thoughts on accounting for natural capital and ecosystem services, The Natural Capital Symposium, Stanford University, Palo Alto, CA, 3/24/2016.
- A portfolio-trade approach to livestock and wildlife management in the face of disease risk. BioECON, King's College, Cambridge, UK, 9/13-9/15/2015.
- Where the wild things go: reallocation of time during school closures and other social distancing policies and effects on epidemiological dynamics. BioECON, King's College, Cambridge, UK, 9/13-9/15/2015.
- Beyond the metaphor: Natural capital as a foundation for integrating ecological and economic research, measuring sustainability, and accounting for what matters. Ecological Society of America, Baltimore, MD, 8/10/2015.
- Natural Capital: From Metaphor to Measurement. BioECON, King's College, Cambridge, UK, 9/22-9/23/2014.
- Eating a Faustmann cake: Designing incentive systems for forest-based ecosystem services when capital markets are missing. 5<sup>th</sup> World Congress of Environmental and Resource Economics, Istanbul, Turkey. 6/28-7/2/2014
- Natural Capital: From Metaphor to Measurement. Association of Environmental and Resource Economics 3<sup>rd</sup> Annual Meeting, Banff, Canada, 6/7 – 6/8/2013.
- The microeconomic origins of spatial externalities and a starting point for market-based control of invasive species. European Association of Environmental and Resource Economics Annual Meeting, Prague, Czech Republic, 6/28 – 6/30/2012.
- The microeconomic origins of spatial externalities and a starting point for market-based control of invasive species. Association of Environmental and Resource Economics 2<sup>nd</sup> Annual Meeting, Asheville, NC, 6/4 – 6/5/2012.
- Modeling angler behavior as a part of the management system: Synthesizing a multi-disciplinary literature. Contributed Paper. 2012 Joint Annual Meeting of the Arizona and New Mexico Wildlife Society and American Fisheries Society, Phoenix, AZ, 2/3-2/4/2012.

- Economic theory for regulating the human predator in a recreational fishery: integrating positive and normative frameworks. Contributed Paper. 6<sup>th</sup> World Recreational Fisheries Conference, Berlin Germany, 8/1-8/4/2011.
- Putting the "Micro" in bioeconomics: the case of recreational nonmarket goods. Contributed Paper. Association of Environmental and Resource Economics 1<sup>st</sup> Annual Meeting, Seattle, WA, 6/9 – 6/10/2011.
- Managing ecological thresholds in coupled environmental-human systems. SIAM Conference, Symposium on Recent Application of Dynamical Systems in Ecology, Snowbird, UT, 5/24/2011.
- A Consistent Framework for Integrating Non-Market Demand and Bioeconomic Models. Heartland Environmental Economics Workshop, Champaign, IL, 10/17-18, 2010.
- Epidemiological Models with Human Economic Behavior. Organized Session Paper. World Congress on Environmental and Resource Economics, Montreal, CA, 6/28 -7/2, 2010.
- Risks are not always what they seem, the case of sterile male sea lamprey transfers. Contributed paper. American Fisheries Society Annual Meeting, Nashville, TN, 9/1-9/4, 2009.
- Heterogeneity among user types and second-best management for non-market ecological services. Selected Paper. Agriculture and Applied Economics Association Annual Meeting, Milwaukee, WI, 7/26-7/29 2009.
- Heterogeneity among user types and second-best management for non-market ecological services. Selected Paper. European Association of Environmental and Resource Economics Annual Meeting, Amsterdam, NL, 6/24-6/27 2009.
- Risks are not always what they seem, the case of sterile male sea lamprey transfers. Invasive Species Symposium. International Association of Great Lakes Research, Toledo, OH, 5/22, 2009.
- Managing invasive wildlife pathogens on the margin: reconciling bioeconomic analysis and disease ecology. Entomological Society of America Meeting, Invited Program Symposium: Global Impact of Biological Invasions: Transformation in Pest Management Approaches, Reno, NV, 11/16-19/2008.
- Ecological-economic modeling of livestock-wildlife disease: where we are and where we can go. Invited panelist. Pathways to Success: Integrating Human Dimensions into Fish and Wildlife Management, Estes Park, CO, 9/28-10/2/2008.
- How many fish to screen – No easy answer. Fish disease ecology in the Great Lakes Symposium at the International Association of Great Lakes Research, Peterborough Ontario, 5/20-5/23, 2008.
- Non-native species and non-convexities: imperfect controls in invaded ecosystems. Workshop on Invasive Species Management, Michigan State University, East Lansing Michigan, 10/8-10/9, 2007.
- A Multiple-host Model of *Renibacterium salmoninarum* Dynamics in Lake Michigan: Implications for Disease Management and Assessment. Contributed Paper to the American Fisheries Society Annual Meeting, San Francisco, California, 9/2-9/6, 2007.

- Managing Risk Rather than Running from It: How does the precautionary approach fit?  
Performance of Alternative Harvest Policies Symposium at the American Fisheries Society Annual Meeting, San Francisco, California, 9/2-9/6, 2007.
- Managing Infectious Wildlife Diseases Based on Marginal Analysis. Contributed paper to the Ecological Society of America's Annual Conference, San Jose, California, 8/6- 8/10, 2007.
- Split-sample Tests of 'Don't Know' and 'Indifferent' Responses in Attribute Based Choice Models. Contributed paper to 8<sup>th</sup> Annual Heartland Environmental & Resource Economics Workshop, Iowa State University, Ames, IA, 9/17-9/18, 2006. – **Winner of top paper presentation award**
- Balancing the benefits, costs, and risk of fish translocation programs: the case of the sterile male sea lamprey release. The Ecological, Social and Political Challenges of Managing Landlocked Sea Lamprey Populations in the Great Lakes-St. Lawrence Basin Symposium at the American Fisheries Society Annual Meeting, Lake Placid, New York, 9/10-9/14, 2006.
- Split-sample Tests of 'Don't Know' and 'Indifferent' Responses in Attribute Based Choice Models. Selected paper to The Annual Conference of the American Agricultural Economics Association, Long Beach, California, 7/23-7/26, 2006.
- Understanding Ecological and Economic Interactions in Wildlife Disease Management. Contributed paper to the Midwest Fish and Wildlife Conference, Grand Rapids, MI, 12/11-12/14, 2005.
- Jointly-Determined Ecological Thresholds and Economic Trade-Offs in Wildlife Disease Management. Contributed paper to 7<sup>th</sup> Annual Heartland Environmental & Resource Economics Workshop at Iowa State University, Ames, IA. 9/18-9/19, 2005.
- The Economics of Sex-based Wildlife Disease Management. Contributed paper to The Annual Conference of the Wildlife Society, Calgary, Canada, 9/18-9/22, 2004.
- The Role of Sexual Dimorphism in the Economics of Wildlife Disease Management. Selected paper to The Annual Conference of the American Agricultural Economics Association, Denver, Colorado, 8/1-8/4, 2004.

## TEACHING

### Courses Taught

- F&ES or ENV 762 (3cr) – Applied Math for Environmental Studies (Fall 2013, 2015-17, 2019-20)
- F&ES 625 (3cr) – Economics of Sustainable Development (Spring 2020)
- F&ES or ENV 795 (3cr) – Nature as Capital (Spring 2013-14, 2016-19, 2021, 2023)
- F&ES 794 1 (1cr) – Making Better Decisions Seminar, Yale University (Fall 2012)
- F&ES 794 1 (1cr) – Confronting Models with Data, Yale University (Spring 2015)
- F&ES 805 (1cr) – Environmental & Natural Resource Economics Seminar (AY14-15,16-18, 19-20)
- BIO 591 (1cr) – EcoServices lab mentoring, Arizona State University (Spring 2010-Spring 2012 every semester)
- BIO 591 (2cr) – Math for Life and Sustainability Science, Arizona State University (Fall 2009-2011)
- BIO 411 (3cr) – Quantitative Conservation Biology, Arizona State University (Spring 2009-2012)
- BIO/ECN/AMLSS/SOS 691 (3cr) – Mathematical Natural Resource Economics, taught with Perrings and Abbott (Fall 2010)

BIO 591/ HON 494 (1cr) – The Ecological Detective, Arizona State University (Spring 2011)  
 BIO 591/ HON 494 (1cr) – Theoretical Ecology (Spring 2012)  
 BIO 189 (1cr) – Freshmen seminar, careers in natural resource management (Fall 2011)  
 Various guest lectures Arizona State University and Michigan State University

### **Workshops and Short Courses**

Two-day workshop for Smart Prosperity Institute, Ottawa Canada. Valuing natural capital. 11/14-15/2019.  
 Full day workshop for UNESCO-IHE, Delft, The Netherlands, on sustainability and natural capital and using the capN package 1/20/2017  
 Four-part video series for Yale's online MBA course "Natural Capital: Managing Risks and Capturing Opportunities in Global Resource Systems," recorded 12/11/2013  
 Modeling Adaptive Behavior and the Envelope Theorem, Arizona State University Summer MTBI program, 6/18/2012  
 Bioeconomic – mathematical approaches to merging economics and biological systems, Arizona State University Summer MTBI program, 7/5/2011  
 Bioeconomic – mathematical approaches to merging economics and biological systems, Arizona State University Summer Mini-workshop in applied mathematics, 6/27/2011  
 Bioeconomic – mathematical approaches to merging economics and biological systems, Casablanca workshop on Mathematical Biology, Casablanca, Morocco 6/24/2011

### **Graduate Students**

#### ***Completed***

Zachary Hughes, M.S. Arizona State University, sustainability, 2009 – went to USGS.  
 Marie Fujitani M.S. Arizona State University, biology, 2010 – went to PhD program at ASU.  
 Marie Fujitani PhD. Arizona State University, environmental life science, May 2014 (NOAA Knauss Fellow 2013), - Post doc with Robert Arlinghaus, Leibniz-Institute of Freshwater Ecology and Inland Fisheries Management, Berlin, Germany.  
 David Shanafelt M.S. Arizona State University, biology 2012 – went to PhD program at ASU.  
 Kehinde "Kenny" Salau PhD, applied math in life and social science, 2013 – Alliance Postdoctoral Fellow at University of Arizona, now at J.P Morgan Chase.  
 Ethan Addicott, MEd, Yale FES, 2017 – Yale FES PhD program.  
 Ethan Addicott, PhD, Yale YSE, 2022 – Faculty at the University of Exeter.  
 Samantha Maher, MEd, Yale FES, 2018 – EcoHealth Research Associate and PhD at UC Berkeley.  
 Austin Scheetz, MEd, Yale FES, 2020 – US Global Change Research Program.  
 Andie Creel, MEd, Yale YSE, 2021 – Yale YSE PhD program.  
 Matt Gordon, PhD, Yale YSE (co-advise), 2023 – Paris School of Economics.

#### ***Current***

Alicia Entem, PhD, Yale YSE  
 Andie Creel, PhD, Yale YSE

### **Undergraduate Theses Advised**

Andrea Sylvia, Arizona State University, 5/2012 – went as a graduate fellow University of Maryland.

Lucy Wang, Yale University, graduation 5/2015.

Pei Hua Chen, Yale University, graduation 5/2021 – Statistics and Data Science – Award Department of Statistics and Data Science best thesis award – hired by Chase Bank.

## **Committees**

### ***Completed***

Shikha Gupta M.S. Arizona State University, biology (2010).

Erica Warkus, undergraduate honor's thesis, Arizona State University (2012) – awarded Fulbright fellowship.

Patrick Dockens M.S., Arizona State University, biology (2012).

Bray Beltran M.S. Arizona State University, biology (2012).

Darren Sversold M.S. biology, Arizona State University summer (2012).

Quentin Gunn undergraduate honor's thesis, Arizona State University (2013).

David Shanafelt Ph.D. Biology, Arizona State University (2016).

### ***Outside reader for dissertations (Yale)***

David Keiser (2014), Laura Bakkensen (2014), Nathan Chan (2014), Namrata Kala (2015), Jeff Chow (2016), Hao Deng (2020).

### ***Post-docs Advised***

#### ***Former***

Arianne Cease, Arizona State University (2012-2013), now faculty at Arizona State.

Jude Bayham, Yale (2013-2015), now faculty at Colorado State University (via Chico State).

Kevin Berry, Yale (2015-2016), now faculty at University of Alaska.

Augustina Odame, Yale (2015-2016).

Seong Do Yun, Yale (2015-2017), now faculty at Mississippi State University.

Mani Rouhi Rad, Yale (2017-2018), now faculty at Texas A&M (via Clemson).

Emily Moberg, Rutgers-Yale (2016-2018), now at World Wildlife Foundation.

Yukiko Hashida, Yale (2017-2019), now faculty at University of Georgia.

Youpei Yan, Yale (2019-2021), now faculty at Suffolk University.

## **SERVICE**

### **Service Internal to University**

YSE onboarding committee 2023-present.

Yale Poorvu Advisory Board 2023-present.

Yale Data-Intensive Social Science Center advisory committee 2023-present.

YSE admissions revision committee 2018-2021.

Yale University wide ITS advisory committee 2017-2018, 2019-2021.

YSE data science initiative faculty lead 2017-2021, 2023-present.

FES academic affairs and master's program committee 2016-2018.

FES strategic planning committees for diversity and curriculum 2016-2017.

Yale University Wide Teaching and Learning Committee 2015-2016.

Led multi-unit (FES led) \$3.0M NSF, NRT training proposal (not supported).  
Organizer of the Yale Environmental Economics Seminar AY 2013 – 2014, 2015-2018.  
Yale Forestry & Environmental Studies PhD admissions committee 2013 – 2014.  
Special project to develop efficient allocation of ASU's School of Life Sciences resources,  
developed software to efficiently allocate teaching effort and structure conversations about  
teaching responsibilities 2010-2012.  
Organizer of the Environmental and Resource Economics Seminar series at ASU 2009-present.  
Member of ad-hoc committee conservation biology and ecology undergraduate curriculum,  
2009-2010.  
Research and Training Initiatives Committee, School of Life Sciences, Arizona State University,  
2009-present.  
Panel member for Mentoring to Advance Post-docs and Students program (MAPS) on the job  
search. 2010.  
Faculty advisor to the Central Arizona Chapter of the Society of Conservation Biology (student  
chapter) 2010-present.  
Global Change Biology faculty search committee, Arizona State University, 2009-2010.

### **Current External Service Appointments**

EFH (Ecology, Finance & Health) Steering Committee.  
WHO Technical Advisory Group on Economics for Environment, Climate Change and Health  
(WHO TAG-EconECH), 2023-present.  
U.S. Bureau of Economic Analysis Advisory Committee, 2023-present.  
U.S. Committee for International Institute for Applied Systems Analysis (IIASA), National  
Academies of Sciences, 2023-present.  
Board of the Beijer Institute of Ecological Economics of the Royal Swedish Academy of Sciences,  
2022-present.  
Editorial Council for Review of Environmental Economics and Policy, 2020-present.  
Editorial Council for the Journal of the Association of Environmental and Resource Economists,  
2014 – current.

### **Other Service External to University and Outreach**

Organized Yale Climate, Environment & Economic Growth Conference, held in honor of the 50<sup>th</sup>  
anniversary of "Is Growth Obsolete" by Nordhaus and Tobin. 11/9-10/2023.  
Organized Association of Environmental and Resource Economists Fall Virtual workshop on the  
Frontier of Natural Capital and Green Accounting, 2023.  
UN High Level Panel for a Sustainable Ocean Economy Blue Paper co-lead and member of the  
expert committee, 2019 – 2020.  
UN Statistics Division, System of Environmental Economic Accounting (SEEA) technical expert,  
2018 – 2021.  
Review board for the 2018 Inclusive Wealth Report: Measuring Progress Towards Sustainability,  
eds. Managi, S. and P. Kumar. UNEP. Routledge Taylor & Francis Group.  
Association of Environmental and Resource Economists Standing Program Committee, 2018 –  
2020 (chair in 2020).  
World Bank external advisor on valuing human capital.

Program review committee, BIOECON conference 2016 to present, Cambridge, UK.

Review panel for the World Bank WAVES (Wealth Accounting and Valuing Ecosystem Services) on paper series to advance the System of Experimental Environmental Accounts (SEEA).

International Advisory Board, 2017 World Recreational Fisheries Conference, Victoria, CA.

Member of the board of advisors for The National Institute of Mathematical and Biological Synthesis (NIMBioS) 9/2012 – 9/2015.

Member of the Scientific Review Committee for The National Socio-Environmental Synthesis Center (SESYNC) 4/2012 – 9/2015.

Organized symposium at the American Fisheries Society Meeting on connecting economic models of angler behavior with population biology models of fish, Seattle 9/2011.

Panelist for Advance Mathematical Biology at the Casablanca Workshop on Mathematical Biology, 6/20-24/2011, Casablanca, Morocco.

Participant in "Partnering for Conservation & Professional Development: Developing a more effective wildlife/fisheries college curriculum" meetings series with Arizona Game and Fish, University of Arizona, Northern Arizona University, Arizona State University PolyTech, Arizona State University, U.S. Forest Service – Tempe. 3/24/2011, 8/11/2011.

Organized workshop on modeling recreational fishing behavior at Arizona State University, 2/17-2/18/2011.

Session organizer at the 2010 World Congress on Environmental and Resource Economics; The economics of epidemics and infectious disease. 6/29/2010.

Invited participant to Sonoran pronghorn recovery taskforce meeting, Ajo, AZ, 06/10/2010.

Technical participant in the National Institute for Mathematical and Biological Synthesis bovine tuberculosis and livestock movement workshops 7/6-7/8/2009.

Organized and facilitated real options for sterile male sea lamprey transfers workshop with Lake Huron Managers, 4/17-4/18/2008.

Technical participant at "Developing Science Strategies to Address VHS and Similar Emerging Diseases in the Great Lakes Basin." held by the Great Lakes Fishery Commission, International Joint Commission – Council of Great Lakes Research Managers, and Ontario Ministry of Natural Resources, Toronto, Canada 3/12-3/13/2008.

Organizing committee for the "Workshop on Invasive Species Management" Michigan State University, East Lansing, Michigan, 10/8 – 10/9, 2007.

Technical participant to the Great Lakes Fish Health Committee (2006-2007).

Organized and facilitate two fish health modeling workshops

- Bacterial kidney disease modeling workshop I, East Lansing Michigan 2/6-2/7/2006
- Bacterial kidney disease modeling workshop II, Traverse City Michigan 7/26/2006.
